

We the undersigned homeowners of SW Ranches Florida do make the following plea to the members of our Town Council:

In the interest and safety of our children, preserving our rural lifestyle, and the security of our community we hereby petition the Members of the Southwest Ranches Florida Town Council to keep SW 199, 202 and 205 Avenues closed off to the thru traffic at the southern border between the Town of SW Ranches and the City of Pembroke Pines. Given the previously established traffic dangers of an open access, the expected increase in traffic on the listed Avenues, once the High School and the new industrial park is opened on Sheridan Street, along with the blatant disregard of the residents of the City of Pembroke Pines for the sovereignty of our Town by the continual destruction of the existing road barricades any reversal would not be in our best interest as residents of this community nor set a proper precedent for our Town to be able to function as a true municipality. All of these serious problems will be multiplied many fold if the listed Avenues are re-opened
